## Hunter Drive Reconstruction Project

### *Restricted Access Next Week*

The Contractor will continue with sanitary sewer installation along Hunter Dr next week. **Tuesday, July 26th, the intersection of Hunter Dr. and Comanche Tr. will be closed, with no access in or out. All vehicles will need to be out of Comanche Tr. by 7 AM Tuesday morning, and access will not be restored until Wednesday afternoon, pending the weather.** The sanitary sewer excavations will be upwards of 30 feet in depth at times, which will limit access to homes along Hunter Dr. during the day as well, and may restrict access to some driveways overnight. The Contractor will inform you if access to your driveway will be unavailable. A second crew will be onsite next week to begin storm sewer installation at Lions Park. Geislinger & Sons will be completing the work.

### *No Access to Comanche Trail*

On Tuesday, July 26th, access will not be available to Comanche Trail from 7:00 AM until Wednesday afternoon. Please call the Project Contact listed below to make any special arrangements. We have contacted Randy's Sanitation to coordinate garbage and recycling pick up. Garbage cans can be brought to the intersection of Hunter and Comanche and we will make sure they are emptied. Call the contact below for assistance with moving the garbage cans.

### *Mailboxes*

During construction, mailboxes will be relocated. For Phase I, all mailboxes for properties between Hamel Rd and Elm Creek Dr will be temporarily relocated at the Hunter/Hamel intersection. **These mailboxes will take effect Wednesday July 13th.**

### *Traffic Control*

Beginning July 11th, Hunter Drive will be closed between Hamel Road and Elm Creek Dr., except for local traffic. Access will be maintained to homes each night with the exception of a few nights where access to homes by vehicle is not feasible due to very deep utility installations.

Beginning Wednesday, July 27th, access to Comanche Trail will be from Hamel Road. Access will vary on a daily basis, so please check the information line each day for the best route.

A priority will be taken to make people aware of the traffic control and the construction status via the updates to the website and information phone line. We want to work with you keep you informed and make this project a success.

### *Website*

More information, including road closures and detour maps, can be found on the City of Medina website ([www.ci.medina.mn.us](http://www.ci.medina.mn.us)) under the Hunter Drive Reconstruction link on the left side of the page. This will be updated weekly or more often as necessary.

### *Information Line: 651-967-4512*

Call this number to receive daily updates, including location and type of work scheduled, road closures and potential utility service interruptions. **If you are interested in receiving future Medina Minutes by email, instead of flyers, please email the contact listed below.**

### *Contacts*

Please contact the project representatives below with any additional questions or concerns.
